

# ORWELL YACHT CLUB

## Changing Room Policy

Club members are politely requested not to enter the changing rooms at times when children are changing and especially before or after Junior Evening on a Thursday.

If this is unavoidable because adults are sailing at the same time, it is better if one adult is not alone and every effort must be made to ensure there is reasonable privacy between children and adults changing.

Bullying can be an issue in changing rooms and showers. If it is essential, in an emergency situation, for a male to enter a female changing area or vice versa, it is advised that they are accompanied by another adult of the opposite sex.
